

Directions to the bus station at Aix en Provence TGV

The shuttle service is provided by the bus company “Basset”. In addition, all shuttle buses will have signs with “GRONEN 2012”. Per shuttle there will be up to 10 people, so don't expect huge buses.

The shuttles stopping at Aix en Provence TGV train station will pick you up at the main bus station (Gare routière). Please see the attached plan. Take Exit “Cézanne” to get to the bus station of Aix en Provence TGV. Note that there is another bus stop attached to Aix en Provence TGV (Halte routière) for which you have to go down to the basement level of the station building. Do NOT take this station but stay on the main level and go to the Gare routière.
