

Directions to the shuttle at Marseille Airport

The shuttle service is provided by the bus company “Basset”. In addition, all shuttle buses will have signs with “GRONEN 2012”. Per shuttle there will be up to 10 people, so don’t expect huge buses.

At Marseille Airport the shuttle buses will stop in front of Hall 1. Please find a map attached indicating the shuttle stop. Please note that the shuttle buses will not stop at the regular bus stop in front of Hall 3/4 as these platforms are reserved for public buses. You might arrive at Hall 1, Hall 3/4 or the mp2 low-cost terminal. Marseille Airport is rather small so you should not have problems finding Hall 1 and the shuttle bus. Everything is in maximum 5 min walking distance once you have left your terminal building.
